GOVERNMENT OF INDIA
COMMUNICATIONS AND INFORMATION TECHNOLOGY
LOK SABHA

UNSTARRED QUESTION NO:483
ANSWERED ON:02.12.2015
e-Transactions
Roy Prof. Saugata

Will the Minister of COMMUNICATIONS AND INFORMATION TECHNOLOGY be pleased to state:

(a) whether the Government intends to develop a mechanism to do all transactions through e-route;

(b) if so, the details thereof; and

(c) the proposed time schedule for the project?

Answer

(a) to (c): Yes, Sir. Government is implementing National e-Governance Plan (NeGP) since 2006 which emphasized on increasing delivery of Government to Citizen (G2C) services through e-route. Under the Digital India programme , NeGP has been transformed into "e-Kranti" with emphasis on delivery of all G2C services through e-route.

Government has set up a platform called "e-Taal" to measure the e-Transactions on real time basis.
